

Steamboat *in the* Summertime

*Photography and the
Creative Spirit-Digital Workshop*

presented by:

Workshop dates: July 11-16, 2009

Steamboat Springs —
Majestic mountains,
beautiful ranchlands,
colorful meadows with
aspens and evergreens,
wildlife and wildflowers.

Steamboat Springs, a world-class resort located in northwest Colorado, is full of western hospitality and blessed with breathtaking scenery year-round. Surrounded by majestic mountains, its beauty includes ranchlands, colorful meadows, natural hot springs, aspens and evergreens, wildlife and wildflowers. In the summertime, the excitement of the rodeo abounds every weekend. In 2009 we are again offering the workshop to incorporate Rainbow Weekend, our annual hot air balloon festival. What an incredible photo opportunity. Steamboat is truly a photographer's delight!

Each day we will utilize early and late light as we photograph at various locations in the Steamboat area, including private ranches, the rodeo and pristine backcountry lakes with fields of wildflowers. We will review and evaluate our images during class sessions and gain a new understanding of our world through the camera lens. Whether you are an experienced photographer or enthusiastic beginner, this workshop will help you use your camera as a tool for your own creativity and personal growth!

This workshop will aid you in developing and expanding your personal creative spirit and photographic vision. On field trips and during our reviews you will be guided in both the creative and technical aspects of digital photography.

Workshop Fee: \$850

Fee includes:

Photo instruction
All field trips
Rodeo tickets
Hayride/dinner
Opening day's luncheon
Park entry fees
Extensive pre-workshop information and materials
(lodging additional)

It is required that participants have access to a laptop computer (and be familiar with the use of their software) in addition to a digital camera.

We will again be holding our workshop at the comfortable and convenient Snow Flower Condominiums. For lodging reservations and additional lodging information: steamboatinfo@resortquest.com or 800-228-2458

Karen Schulman is an experienced and sensitive photographer and educator. She believes that participating in a photo workshop or tour is about more than making great photographs. It's a journey of self-discovery. Karen's photography appears in numerous publications and private art collections including those of Graham Nash and the Agfa Corporation. Karen is a member of various professional associations, including ASMP, NANPA, Women in Photography International, The Texas Photographic Society and the Steamboat Springs Arts Council. She is a recent breast cancer survivor.
